Eric,

Thanks for putting this together - looks good. Just one comment, there is a lot of open area on the sign & it looks like the fonts/size should be bigger on everything except the logo. The relative sizes of the parts does look good.

Thanks,

Hi Gary –

Please find attached a draft mark-up of a proposed sign design for installation at the Gulfco site former surface impoundment area per your March 20, 2013 letter. Please review this mark-up and let me know if this would be acceptable. Upon your approval, we will proceed with getting it constructed.

Thanks.
